

July 20, 2008 Midrange Prone and F Class Matches Comentary

For the July 20,2008 3x600 Mid Range prone match we had twelve conventional sling shooters and nine F class shooters. We had some exceptionally calm weather conditions with a short 15 minute rain delay about mid match. Renzo Tormen shot his personal best 3x600 to win the match with a 597-34X. Dick Pardini shot an excellent 593-33X which would have given him a second place. However our club tradition (rules?) only allow for the High Masters to compete for the overall match winner position. And the particular stats program I have does not follow our traditions so the Mid range results from the attachment do not show exactly how the awards were paid out.

Overall Match Winner is high master Renzo Tormen with a 597-34X

Combined Master and Expert Class winner is Ken Orris

We had no one in Sharpshooter class

In Marksman class Lucas Reist was the class winner with a 551-7X

Since we had a majority of the Marksmen shooting a Service Rifle I paid a High Marksman "Service Rifle" award and the winner is Art Wise.

In the F class match there were some really fine scores posted. Al Barnhart shot a 200-15X in match 1 to tie a national record and break Mike Ross' previous Club record of 200-7X. Then also in Match 1 Mike Ross shot a 200-11X so like last month we again had a close race between Mike and Al. This month Mike was the F class winner with a score of 597-30X. And High Master shooter Al Barnhart was very close behind with a 592-27X. I think Mike will be moved up to High Master Class pretty quickly.

F Class Overall Match Winner is Mike Ross with a 597-30X

The combined UNC Master and Master Class winner is Charlie Hayes with a 584-24X

The next Cadillac Matches are August 23 and 24. There is a Midland 3x600 on August 2nd.

For September the Cadillac Matches are Sept. 6-7 and then there is a Grayling Long range match on Sept. 13-14.

Hope to see you next month.

Bob L.
