

SENIOR INDOOR .22 RIMFIRE SHOOT CADILLAC SPORTSMAN'S CLUB  
FEB. 12, 2011

We had eight shooters show up for the twenty two rimfire fifty foot shoot. It was a grudge match between the Midland Club shooters and the Cadillac Club shooters. Two shooters came up from Midland. Dave and Jim claimed they just followed their noses to find the club. As the air became more "farm like" they knew they were getting closer. So they said. Well we kind of wondered how they could smell anything after living down by the Dow Plant in the Midland area. So after all the pleasantries were exchanged we got down to the shooting match.

The first match of the day was the fifty cent match using a target rifle.

1. Jeff Madison (Cadillac)	100-10X, 100-8X	200-18X Match Winner
2. Dave Wuethrich (Midland)	100- 9X, 100-6X	200-15X Second Place
3. Bob Lorenz (Cadillac)	98- 5X, 99-2X	197- 7X
4. Rod Exo (Cadillac)	99- 4X, 97- 5X	196- 9X

Target Rifle class winner and from Cadillac was Jeff Madison who won two dollars and another losing lottery ticket. Jeff shooting off a sling with a scope has won all the target rifle matches except the very first match.

In Second place from Midland was Dave Wuethrich who won a losing lottery ticket. However, Dave finally admitted he did win twenty five dollars on the lottery ticket he won for taking first place in the Target Rifle match at our first January get together. So all the tickets have not been losers.

The second fifty cent match of the day was the "Squirrel Rifle" match using a hunting style rifle. Again, Cadillac shooters whooped on the Midland shooters. Could it be that no squirrels can live down by the Dow plant, or do the Cadillac guys get more practice on them in our "farm fragranced" area.

1. Bob Lorenz (Cadillac)	96-2X, 99-5X	195-7X Match Winner
2. Rod Exo ( Cadillac)	94-3X, 98-4X	192-7X Second Place
3. Jim Dietlein (Midland)	96-5X, 93-3X	189-8X
4. Dave Wuethrich (Midland)	92-2X, 85-1X	177-3X

Bob Lorenz from Cadillac won the "Squirrel Rifle" match winning two dollars and a losing lottery ticket. Rod Exo also a Cadillac shooter took second place winning a losing lottery ticket. Jim and Dave the Midland shooters said something about next time they wanted the Squirrel Rifle match to be a team match and take the best 20 shots of their combined 40 shot targets. As it was I think one Midland guy was saying "bang" and the other guy was shooting Mr. Bang's target. Next time we are putting you guys on position 1 and 8 not 7 and 8.

We all had a good time, talked again about a .22 rimfire outdoor summer league shooting 50 yards, 100 yard and maybe 200 yards, no matter what Jeff thinks of 200 yards.

We also had some coffee and some slightly old chocolate chip cookies, Jim Devereaux we missed the treats you bring in!

Ken Orris also brought in his AR with a .22 rimfire upper and in his rear sight he had one of the new MicroSight's. All of us looked through the sight and we could all see the front sight clear and the bullseye just about as clear. A few of us shot the AR with MicroSight and did pretty good shooting off hand. Looks like a good product. Ken shot it in the prone position and off hand and did very well.

The next Adult .22 indoor shoot will be next Saturday, Feb. 19.

Respectfully Submitted

Bob Lorenz, aka Honest Bob, "What do you mean you want to check my scoring!"
