MUCC NEWS

Sportsmen and women around the state have been divided over the proposed hunting and fishing license fee increases that the MDNR said that they had to have to avoid layoffs and facility closures. The MUCC staff, board and members supported the MDNR in this matter, which caused a lot of division among sportspersons. MUCC policy is always what is best for the resource and

of course that was to keep programs running and personnel working in the field.

As it turns out MUCC and the hunters and fisherman were misled about the need for these fee increases as the MDNR reported to the NRC that they have found a 10 million dollar surplus in the Fish and Game Fund and will be financially ok for 2008. MUCC is understandably very upset over this 18 million dollar turnaround and is demanding a full independent audit of the Fish and Game Fund and find out what the real picture is. We will keep you updated as this information comes to light.
